# HUGO'S IS CONSCIOUSLY DELICIOUS

---

Founder Terry Kaplan's vision for Hugo's was "a kitchen producing original, wonderful foods found nowhere else." There are myriad details that contribute to making Hugo's original and wonderful - and consciously delicious. Here are just a few:

## OUR INGREDIENTS

We take a lot of pride in making it ourselves, so that our flavors and recipes are unique to Hugo's. Just as bio-diversity is crucial in our environment, so too is it important in our diets. We have a big menu. Over 70 items plus Specials before we get to Create A Plates, where you can be your own chef minus the actual cooking. We search for over 600 ingredients to make close to 400 recipes. We choose cheese without animal rennet, organic sugar that hasn't been processed with bone char, and Telichery black peppercorns from India to go in our pepper grinders.

## OUR PROCESS

Every menu item has a story. Half of the work is done in the prep kitchen, the other half "on the line" where our cooks finish your orders "a la minute", or to the minute, just for you with (almost) any modifications you may require. Some dishes may contain a half dozen recipes or more. For instance our Cauliflower Pakora appetizer has a vegan, gluten-free red lentil batter seasoned with our house blend of organic Ayurvedic spices, and cooked in hexane-free, non-gmo oil. It's served with our roasted garlic and jalapeno oil-free dressing, and house-made pickled jalapenos and vegetables. Those who aren't vegan or gluten-free enjoy it equally.

We have old and new menu items, some from when we first expanded from Hugo's Fine Meats to Hugo's Restaurant. Other creations that started as Specials became classics over time. We are constantly trying to dazzle your palate while at the same time preparing our dishes in the healthiest ways possible. We've created thousands of original dishes using inventive techniques while at the same time sticking to our philosophy of "stealthy healthy".

## OUR DIETARY FOCUS

We try to make the best, balanced choices each and every day from what's on the market, just as you do for your own families. Our focus is on clean foods that everyone can enjoy together including dishes that are Vegetarian, Vegan, or Gluten-free. We screen every ingredient that comes in for allergens such as nuts, seeds, dairy, soy and added oils (not natural fats such as in meat or nuts). We have an Allergy Alert System in place for you, however, there is always a chance of mistakes and cross contamination. Although we buy mostly single-ingredient foods, some finished foods, like capers or veganise, occasionally change an ingredient and we will not have been informed about the change. (Please see "Our Limitations" below.)

## OUR LIMITATIONS

Not all requests can be accommodated in the moment. Our kitchen has limitations, primarily size and storage. Please understand some limitations allow us to keep the kitchen running smoothly and quickly in order to serve you as you would want to be served, in a timely manner. In addition, our staff may not have all the answers you seek. We may need to track down information.

If you have serious allergies, please take the time to read through our published Allergen information with an honest assessment of how your reaction is triggered. For example, some people cannot tolerate raw garlic but can tolerate it when cooked. Your assessment will help us help you to determine how or if a dish can be modified to suit you. Considering the thousands of people we serve each week, we make very few mistakes, but we do not want to put you at risk. If you are dangerously allergic to any items, our staff can't assure your wellbeing. You would be safer at a facility that is 100% guaranteed free from your allergens.

Currently our menu only addresses common allergens. We are not able to address all allergies. Ingredients such as garlic, onions, black pepper, tomatoes, celery root, etc., are commonly used in our kitchen. Our facility also contains soy, dairy, wheat and nuts - but no peanuts. For those with food sensitivities, we strive to be transparent about ingredients in our dishes. Please be aware, however, that our facility is not free of allergens and some contact may occur.
